PRESENTER BIOGRAPHY

Amy Robison, BS, RN, CWOCN, CFCN
West Region Clinical Education Specialist

Originally from Indiana, Amy worked as a travel wound/ostomy nurse prior to joining Medline Industries in June 2018. She is a clinical education specialist for the West territory, based in Phoenix. Amy is passionate about wound care and sharing knowledge. When she is not occupied with wound care or providing education, Amy is probably reading or hiking. Her daughter is a first-year medical student at Marian University in Indianapolis.

Suite 450
Addison, IL 60101

Parking info:

Park behind the building and press the buzzer to the "450 door."

Forum Extended Care Services is an independent, privately owned long-term care (LTC) pharmacy with locations in northern and central Illinois. One of the largest in the state, we have provided the highest-quality pharmacy dispensing and consulting services to healthcare facilities for 50 years. Forum is open 24/7/365 and maintains dual accreditation from the Accreditation Commission for Health Care (ACHC) in LTC Pharmacy and Infusion Pharmacy.

Servicing clients with the same capabilities as the nationwide chains, we remain committed to providing personalized attention to our facilities. Our approach, processes, and people are what set Forum apart; though we're often copied, we're never equaled. As a result, our proven track record and unparalleled attention to detail has earned us a distinguished reputation as an industry leader.

Forum is a licensed Medicaid and Medicare pharmacy provider in the States of Illinois, Indiana, and Wisconsin.
